All care is tailored to meet each individual resident's needs, with the goal of achieving independence as quickly

as possible.

Sunshine Health & Rehab is an active, park-like campus. Our specially trained activity staff have developed many programs to keep residents social and active, with options for art, music, celebrations, discussion groups, and many more. We also have specialized programs in restorative nursing and mental sharpness. Family members are always welcome to join in the fun.

We pride ourselves on delivering the highest standards of care, where dignity and respect are provided in an environment of hope and comfort.
