- Brand new, well-designed shared resident rooms
- Family-style living room
- Secure garden courtyard with seating and heated walking path
- Chef-prepared cuisine with Registered Dietitian oversight for special diets
- State-of-the art safety features
- Daily social and cultural activities
- In-house ARNP primary care

Despite the challenges of memory impairment, a person with dementia can live an engaging, meaningful and joyful life.

Trained and caring staff are devoted to the care of our residents, giving each person a sense of belonging and dignity.

We encourage residents to be active and participate in the decisions of their daily lives. Our specialized staff focus on residents' individual strengths, celebrating their successes and finding ways to help them continue to feel that they are in control of their life.

At Sunshine Memory Care, we develop daily activities that are meaningful for each resident. Keeping the mind and body active is an important part of a healthy lifestyle at any age. Exercise and fun group activities are provided for your loved one to enjoy.

Contact Sunshine Memory Care for a tour or to learn more about how we can help your loved one feel safe, comfortable and engaged with life.
